March 24, 2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Glendale AZ Groundwater Treatment System Project in Fiscal Year 2024. The entity to receive funding for this project is the City of Glendale, located at 5850 W. Glendale Ave, Glendale, AZ, 85301. The funding would be used for pipelines, electrical instrumentation, and controls equipment to create more access to groundwater wells for the city as Colorado River water supply decreases.

This project is important and a good use of taxpayer dollars because it will provide reliable water supply to Glendale residents and ensure sustainable water management for decades to come. Funding this project now will save taxpayers money when compared to addressing this in the future while costs continue to rise.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Ruben Gallego
Member of Congress
